Experience

Irancho

Full Stack Developer • Remote • Goiânia, Goiás - December 2023 - Present

- Developed and maintained features using JavaScript and Node.js across web and mobile platforms.
- Utilized frameworks such as VueJs, React, and React Native to deliver responsive and high-performance applications.
- Implemented Tailwind CSS and Styled Components for modular and scalable styling.
- Collaborated with cross-functional teams using Agile methodologies (Scrum).

Fetchly Labs

Software Engineer • Remote • **EUA** • October 2022 - December 2023

- Engineered solutions using Ruby on Rails, React, and React Native.
- Implemented Hotwire (Turbo) and StimulusJS in Ruby on Rails applications to enhance interactivity without heavy frontend frameworks.

Designed and managed MySQL databases using Active Record for migrations and data modeling.

- Delivered high-quality features adhering to REST standards and version control practices (GIT).
- Engineered responsive user interfaces using Tailwind CSS and Styled Components, resulting in a 40% reduction in development time for new features and enabling quick iterations based on user feedback.

Rede Frota

Frontend Developer • Goiânia, Goiás - October 2021 – October 2022

- Built user interfaces using React with modern hooks and ContextAPI architecture.
- Ensured seamless user experiences through integration of libraries such as AntDesign-UI, Styled Components, and Redux.
- Contributed to Agile delivery in a collaborative environment.

Pagprime Bank

Frontend Developer • Goiania, Goiás - May 2021 – November 2021

- Implemented scalable front-end solutions using React Native and JavaScript.
- Streamlined state management using Redux and adhered to Gitflow for version control.

Hospital de Acidentados

Information Technology Technician • Goiânia, Goiás • March 2016 – August 2020

- Provided technical support for hardware and network configurations.
- Conducted system maintenance, troubleshooting, and minor software development.
- Assisted users with remote and in-person technical issues.

Skills

Technical: JavaScript, TypeScript, C++, Ruby
